

National Disability Employment Month Success Stories

Christopher Goad

Christopher Goad started working on the Supported Employment program in April 2017. Marsha Hayes, his counselor, said the following: “I was honored to work with Christopher and watch this young man develop his job skills as he completed each Supported Employment milestone.”

Christopher was officially hired at Texas Roadhouse in September 2017. Originally hired to fill the butter cups, Christopher was promoted after only a short time to take on other duties. Christopher said, “Hard work pays off. I’m happy, achieving my goals and very proud of myself.”
