EMPLOYABILITY SKILLS

Applied Knowledge	
1. Applied Academic Skills Applied academic skills are evident daily in homework assignments, classwork, and Q&A exchanges during lessons.	1.1 Reading skills Students apply/demonstrate reading skills by interpreting written instructions/project directions and constructing responses, using print and online materials as resources, completing worksheets, and seeking clarification about what they have read.
	1.2 Writing skills Students rely on writing skills to construct lab reports, posters, and presentation materials, take notes, and compose responses to essay questions.
	1.3 Math strategies/procedures Students use computational skills appropriately and make logical choices when analyzing and differentiating among available procedures. Outside of math class, this includes creating/interpreting tables and graphs and organizing/displaying data.
	1.4 Scientific principles/procedures Students follow procedures, experiment, infer, hypothesize (even as simple as "what if we do it this way"), and construct processes to complete a task (can occur outside of math/science classes).
2. Critical Thinking Skills Critical thinking skills are evident in homework, group work, project-based tasks, and presentations.	2.1 Thinks creatively Students create innovative and novel ideas/solutions and display divergent thinking. This can be seen in oral presentations and creative writing assignments, open-ended tasks, and project design.
	2.2 Thinks critically Students display analytical and strategic thinking. This can be seen in debating an issue, converging on an understanding, assessing a problem, and questioning (playing devil's advocate).
	2.3 Makes sound decisions Students differentiate between multiple approaches and assess options (could be linked to thinking critically).
	2.4 Solves problems Students assess problems involving the use of available resources (personnel and materials) and review multiple strategies for resolving problems (could be linked to thinking creatively).
	2.5 Reasons Students negotiate the pros/cons of ideas, approaches, and solutions and analyze options using "if-then" rationale.
	2.6 Plans/organizes Students plan steps, procedures, and approaches for addressing tasks. This occurs naturally in most assignments, ranging from solving one problem to completing a long-term project.

EMPLOYABILITY SKILLS

Effective Relationships

3. Interpersonal Skills

Interpersonal skills are usually displayed when students work in pairs or teams to complete short-term or long-term tasks.

3.1 Understands teamwork and works with others

Students participate in cooperative groups or with a partner, contribute fairly to the task, and show respect to others.

3.2 Responds to customer needs

Students help fellow students understand tasks, find resources, and fulfill assigned roles (think of fellow students as customers).

3.3 Exercises leadership

Students participate as team leaders or effective team members in project assignments and organize work to meet project goals and team roles.

3.4 Negotiates to resolve conflict

Students keep team members on track, suggest alternatives, and discuss options (can be as much about agreement as conflict).

3.5 Respects individual differences

Students listen to and consider all team members' ideas, respond supportively to ideas given in class or in teams, and work well with all teammates.

4. Personal Qualities

Personal qualities are routinely displayed in students' everyday actions in the classroom — how they participate in lessons, communicate, contribute to the learning environment, treat their fellow students, and govern themselves.

4.1 Demonstrates responsibility and self-discipline

Students actively participate in class, asking questions, volunteering answers, completing/submitting assignments, and working well in groups.

4.2 Adapts and shows flexibility

Students adapt easily to different modes of instruction and different types of assignments.

4.3 Works independently

Students commit to time-on-task during class and begin work without fanfare.

4.4 Demonstrates a willingness to learn

Students are cooperative and noticeably engaged.

4.5 Demonstrates integrity

Students treat work assignments with respect in that work is either original or credited correctly.

4.6 Demonstrates professionalism

Students treat others and work assignments with respect. All ideas are considered and work is either original or credited correctly.

4.7 Takes initiative

Students commit to time-on-task during class and begin work without fanfare. This is also evident during teamwork.

4.8 Displays a positive attitude and sense of self-worth

Students contribute positively to the class.

4.9 Takes responsibility for professional growth

Students are active listeners, seeking clarification and understanding when needed.

EMPLOYABILITY SKILLS

Work Place Skills	
5. Resource Management Resource management is often a component of project-based learning and collaborative group work but can also apply to how an individual student manages class time.	5.1 Manages time Students demonstrate time management when organizing and planning project activities with a team or when organizing and managing themselves and individual class assignments and homework. Time management is inherent in almost all assignments.
	5.2 Manages money Students manage money in group projects requiring allocation of limited finances and resources (i.e. designing/marketing a toy, flipping a house, or planning a trip).
	5.3 Manages resources Students manage resources in projects requiring allocation of limited finances, resources (materials), and personnel.
	5.4 Manages personnel Students gain experience managing personnel (i.e. each other) in-group projects requiring allocation of limited finances, resources (materials), and role assignments. They also manage their own behavior and participation.
6. Information Use Information use can include retrieving information from any medium (e.g., print, TV, Internet, or in person) and can be as simple as looking up one piece of information to writing a term paper or preparing an oral presentation.	6.1 Locates Students use analytical strategies to determine the best medium for finding necessary information.
	6.2 Organizes Students use any graphic organizer—outline, concept map, organization chart, tables, etc. to sort information/data.
	6.3 Uses Students use classification and analytic skills to determine the necessary information (i.e., stay on target) to complete the task.
	6.4 Analyzes Students assess information to determine which is relevant (does not have to be a mathematical analysis).
	6.5 Communicates Students summarize information to compose written or oral presentations, posters, reports, slides, etc. This can also be as simple as a student explaining a problem in front of the class.
7. Communication Skills Routinely displayed in students' everyday actions in the classroom — how they participate in lessons, contribute to the learning environment, treat their	7.1 Communicates verbally Students provide oral responses. Evidence ranges from impromptu short answers during a lesson to completing a formal oral presentation.
	7.2 Listens actively Students are noticeably engaged through notetaking, questioning, and responding.
	7.3 Comprehends written material Students use/demonstrate reading skills by following written

EMPLOYABILITY SKILLS FRAMEWORK

Employability Skills: A Crucial Component of College and Career Readiness

Individuals require many skills to be college and career ready, including academic knowledge, technical expertise, and a set of general, cross-cutting abilities called "employability skills."
