

## **Transfer Policy**

### **Evaluation of Credit for Transfer Students from other institutions of high education**

Students transferring to the ACTI after enrollment in another institution of higher education have all of their relevant competencies evaluated by their vocational-technical instructor. Previously obtained skills and competencies that are relevant to the student's current course of study/training may result in the student's ability to complete the training program in less time than it would otherwise require.

Advanced placement in program requires review and approval by the Director of Vocational Education and Training.

### **Evaluation of Credit for Transfer Students from other training programs at ACTI**

Students transferring to the ACTI after enrollment in another approved training program at ACTI have all of their relevant competencies evaluated by their vocational-technical instructor. Previously obtained skills and competencies that are relevant to the student's current course of study/training may result in the student's ability to complete the training program in less time than it would otherwise require.

Advance placement in a training program requires review and approval of the Director of Vocational Education and Training.
