Jannie Turner

Jannie Turner had a dream to open her own cleaning business and it was amplified after the pandemic hit. She came to ARS for assistance that dream to life.

While she and her counselor were making a business plan, COVID-19 cases started to pick up, making the need for her type of work even more crucial.

She opened “Eager to Clean” cleaning services after being approved for funds through the Small Business Program. She got right to work cleaning and sanitizing offices and other businesses to try and cut down on the spread of the virus.

Turners company works with individuals as well and offers all types of services including home cleanings and deep cleanings in the El Dorado area.

After such a positive experience with ARS, Jannie says she would recommend the agency to anyone in need of help.
